

INSTITUTION – INDUSTRY CELL

This is to certify that, our institution established a dedicated Institution – Industry Participation Cell for the benefit of stakeholders. It is aimed to promote the interaction between industries and the institute. This institute with more than one decades of expertise in imparting engineering education, has established many state of the art laboratories, testing equipment, library and information center, internet facility etc. Strength of this institute lies in its highly qualities and committed faculty members, which is counted as one amongst the few best institutes in the state. Faculty members are actively involved in research activities. With this back ground, the institute feels competent in rendering R & D. Consultancy services and other technical support in the different areas to industries.

OBJECTIVES

1. Establish linkage between industry and the institute.
2. Identify industry problems and provide solutions
3. Joint research projects
4. Industrial consultancy
5. Dissemination of knowledge
6. Continuing education programs
7. Greater utilization of resources
8. Access to library and other infrastructure
9. Access to laboratory testing
10. Promoting industrial training for students
11. Faculty training in industry
